## Talent Waiver/Media Release Form

The North Carolina Department of Public Instruction (NCDPI) is developing a number of resources for the implementation of the *Common Core State and North Carolina Essential Standards*. Starting with the 2011 Regional Summer Institutes, supporting documents, video and audio footage, and other resources will be compiled and made available for professional development and classroom use.

As part of this, administrators, teachers, and students will be asked to share their work with the *Common Core State and North Carolina Essential Standards*, along with their reflections on how the implementation of the standards and various tools impact learning. Pictures and video clips will be collected that show students and educators actively involved in using the proficiency-based standards. These pictures and video clips will be used to augment professional development and classroom implementation resources, such as the Instructional Toolkit components, the Unpacking Documents, Crosswalks, and so on for the benefit of students and educators.

Thank you in advance for your participation in this important endeavor. It will make a big contribution to efforts to improve student outcomes across our state.
